

John Rhic (Jaydee) is a graduating student from Princeton High School in the class of 2023. He was selected by his teachers and counselors, and his nomination was approved by the Administration. Jaydee has been an active student leader who is eager to partner and network. Jaydee was an officer of Key Club, the student service organization affiliated with Kiwanis International. He was the vice president of the DECA (a Marketing and Business) Club and has been actively involved in the Princeton Work Ethic Certification Program. He led the mentoring program for students in the program and helped organize and run the Business and Community Partner quarterly breakfasts. He could often be found giving advice and encouraging his peers during DECA competitions. Jaydee was a state qualifier in the DECA competition.

He volunteered as an intern in the summer of 2022 for the Princeton Communications Department, where he created graphic designs, videos, social media content, and helped with publications. Eager to learn more about graphic design and what it is like to work in a professional environment, Jaydee is currently working an internship at SpeedPro Imaging, a connection that was made because of the Northern Cincinnati Chamber of Commerce. He said that he has appreciated how the employees at SpeedPro Imaging have really taken the time to teach him useful skills.

Jaydee has been accepted into the honors program at the University of Cincinnati School of Business, where he plans to major in Marketing.
