

The Utilities Group and Sharonville Chamber of Commerce

Partner with an offer for you

The Utilities Group is an independent, unbiased energy advisory firm serving clients throughout Ohio and surrounding states. Our executive team has an average of 35 years of experience in all major areas of the energy industry, including: energy bill auditing, tariff rate analysis, regulated and retail energy markets, competitive bid practice for electricity and natural gas, demand management & response, efficiency & sustainability efforts and risk & budget management. We work with the City of Sharonville and many of the Sharonville Chamber of Commerce member companies to navigate energy choices. We'd like to work with your company, too.

Chamber Members can receive a written complimentary electric and/or natural gas bill audit*. Audit deliverables:

- Energy unit cost mapped against utility price
- Anomalies in usage
- Discrepancies or errors in rates and taxes
- Action items to reduce cost or consumption
